

Fat Lawrence

Is a story about a cat who got fat because he ate too much food. He ate too much food because four people thought he was their cat.

He got skinny and met a new girlfriend because he never had a girlfriend. He didn't even know what it felt like to have a girlfriend. Finally he had a new girlfriend and her name was Bela.

I liked the story. I liked that he ate too much & got fat. I thought it was funny.
