

SOMETHING UPSTAIRS

This book is about a boy named KENNY who moves from L.A. to a House that was built in 1798 in Providence Rhode Island. he discovers a ghost living in his attic who needs KENNY'S help to travel back in time and prevent the ghost from dying.

I like the book because it makes me believe in ghosts - the kind of ghost that happen because souls are trapped in the dead bodies of murdered people. NOONE cares about - like caleb because he was a black slave and NOONE cared to investigate his death.

I recommend this book to kids who like History, Mystery, Adventure and Friendship stories. Be ware scary parts. By: Abby
