

BAAAAD ANIMALS

by

Tiffany Stone

I liked this book because the poems were funny and I could just see all the bad animals doing their naughty stuff.

My most favourite poem was 'The Secret Life of Slugs.' It is so funny to think of slugs running fast. Next time I go to the park after dark, I am going to look for the racing slugs, and I will make sure I don't wear a wool sweater!

I recommend this book to other kids of any age. Even my big sisters loved it. I give it 10 sheep, really baaaaaaaaaad ones.
