

Kendra Kandlestar and the Box of Whispers

By Alice

This story takes place in the land of Een.

It is a magical place with animals and Eens. Een has a magical curtain that no one from the outside could see. Only Eens could go through the magic curtain. Kendra is eleven years old and has long brown hair. Her long hair is braided into seven braids. Kendra, Oki and Ratchet Ringtail are friends. Oki was named Honest Oki, because he delivered notes to the elders. Jinx is a grasshopper that drank a magic potion and had super strength. Professor Bumblebean says he came down from many generations of scholars.

The story is about Kendra, Oki, Jinx, Professor Bumblebean and Uncle Griffinskitch going on a journey to retrieve the box of whispers. They meet a dwarf named Pugglemud on the way. Pugglemud is rude and dirty. He has rotten teeth and threadbare clothes. Oki gets into trouble when he went to the bathroom near the Coughing Plant. He got turned into an onion, because he thought about onions. On the way to Krdos they saw lots of skulls and bones. The troop finally got to the castle of Krdos.

The problem is that Kendra and her friends are locked in cages and are going to have a test. Kendra is very scared and her friends are turned into stone. Can she save Een?

I like this book because I like fantasy and adventure. Kendra is different from the other Eens, because she was the only one who told her secret. It was scary when they were locked in the cage. Kendra is just like Hiccup, a normal person outside, but a hero inside. I think that it would've been very scary to go into to the dragon's lair. It is very funny that Professor Bumblebean always brags about how he came down from many scholars, but he really was adopted. Kendra is smart and brave.

I would rate this book 10/10 and recommend it to people who like adventure and fantasy.
