## Resumé

**Book report:** A perfect Gentle Knight tells the story of the Bell family in Vancouver during the year of 1958. After their mother's death, their dad's tough job and the housekeeper ignoring them, the children must rely on each other with their imaginary game of the Knights of the Round Table. But when Roz, the second oldest, starts to change, their lives become more chaotic. Sebastian fights to keep Roz involved in their lives but with no success. Sebastian starts getting unhealthy and rude. Corrie (with the close relationship with Sebastian) gets worried and scared. What will this do to Sebastian? Will this cause emotional problems? Will the family fall apart? You have to read to find out.

In summary, this book is about imagination and growing up.

## My feelings

### What I liked about the book:

I liked the characters and their different personalities.

I also thought that the imaginary games such as the Knights of the Round Table and the Kingdom of Cordith were quite interesting. I also liked the relationship between Corrie and Sebastien. Kit Pearson represented growing up in such a comical

and serious situation in a way that was realistic. I like how she expressed the feelings and the emotions of the characters.

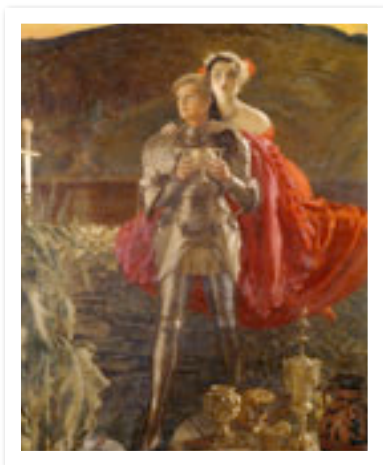

### What I didn't like about the book:

Chapter 17. It was too sad and scary. I also didn't like Mrs. Olaphante. She was a nuisance.

### I recommend it!

I recommend this book to age 10 and up because there are some serious parts in this book. I also recommend to read this book with an adult so that you can talk about it.

Overall I give this book a 10 out of 10 and will recommend it to my friends.
